President's Message

Making a Difference

2017-2018

May 2018

Lost Rotarians – are you still there? Our club is currently looking for quite a number of members who seem to have either lost their way to the meetings or maybe not sure which committee they have been allocated to and more sadly they have lost the enthusiasm that was once the reason they joined the Rotary club in the first place. We have arranged some very good and informative speakers and sadly they present to under 50% of our club membership. It makes it very difficult to grow the club with new members when we only managed to just get less than 50% attendance. We are all volunteers, wanting to make a difference. Come to our Dinner meeting, go to your committee meeting, put your hand up to assist with one of the events planned for the club. Come to our evening meeting; bring a friend, neighbor or family member. Let's get back to what we do so well; Fellowship, fun and making a difference.

**Yours in Rotary Service,
Making a Difference
Michael M. Naghdi**

RCLS Monthly Highlights

Mary Calvert

12/24/1920 – 04/11/2018

Dear Rotarians,

As probably most of you know by now, this past month we lost a Rotarian who lived by the Four Way Test and practiced Service Above Self.

Mary Calvert passed away on April 11, 2018 at 5:00 pm; Mary was an amazing person and a wonderful Rotarian who was well known to many Rotarians in District 7620.

Mary joined the Lake Shore Rotary club in the 1950's as a member of the inner wheel and later as a Rotarian.

Mary was the best recruiter and advertiser for Rotary and she was one of the best sales people for selling tickets during our fundraisers.

She was a vibrant soul, one who literally lit up the room whenever she entered. And right up until she became less able to get around, she was full of joy and always eager to help out, no matter what the problem was.

Mary and Jim Calvert shared the love of travel, and would often explore different parts of the country, investigating little country towns and farms off the beaten tracks especially antiques shops. They also loved to travel abroad with the International Rotary Conventions and they managed to visit several European countries as well as Australia and New Zealand.

My lasting memory of Mary is simple; a hardworking, passionate figure of strength who never waned in her support for her club or her love of her family, and who soldiered on, even when times were tough.

Mary, thank you for everything you have given us- and the warmth we shared during your precious time on earth.

Tidbits

Former First Lady Laura Bush to speak at Rotary convention
Former First Lady of the United States Laura Bush, an advocate for literacy, education, and women's rights, will speak at the 2018 Rotary Convention in Toronto this June.

For decades Mrs. Bush has fought for key national and global issues including launching groundbreaking education and healthcare programs in the U.S. and abroad. She founded both the Texas Book Festival and the National Book Festival in Washington D.C. As chair of the Women's Initiative at the George W. Bush Institute, Mrs. Bush continues her work on global healthcare innovations, empowering women in emerging democracies, education reform, and supporting men and women who have served in the U.S. military.

Women's healthcare also has been a central issue for Mrs. Bush. Because heart disease is the leading cause of death among American women, she partnered with the National Heart, Lung, and Blood Institute to launch The Heart Truth campaign and Red Dress project. The Heart Truth raises awareness among women about their risk for heart disease.

Mrs. Bush is the author of the bestselling memoir, *Spoken From the Heart*, and bestselling children's book, *Our Great Big Backyard*. She serves on several boards including the National Advisory Board for the Salvation Army, the Council for the Smithsonian National Museum of African American History and Culture, the Board of Trustees for the National Trust for Historic Preservation, and the Southern Methodist University Board of Trustees.

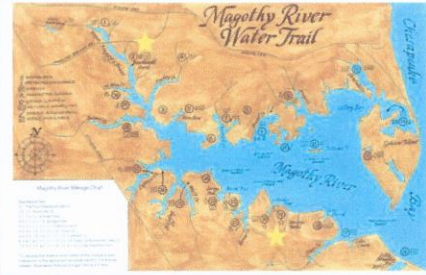

Good things Happen in Rotary
